

Boomrock's Ultimate Experience

If you live to pursue the ultimate in adrenaline filled entertainment we have quite possibly created the day of your dreams.

Start the day on horse back riding along the Papanui hills admiring the natural beauty of the isolated coastline overlooking the Cook Strait. After arriving at our private car testing circuit you'll experience the latest Mercedes-Benz vehicles, showing off the handling technology at speed. Never wanting to do things by halves, Boomrock's Mercedes-Benz ML 4WD adventure is where you can experience off-roading in its purist (and muddiest) form.

Tip yourself over the edge of our 250m cliff when you become the pilot of a dual control helicopter. A HELiPRO instructor will explain in simple language how to maneuver the chopper and in a matter of minutes the controls will be handed over to you.

The excitement doesn't stop there. Suit up and buckle in next to an experienced driver in a purpose built rally car. You're guaranteed to feel your heart pound as he expertly navigates the twists and turns of our gravel road, skirting the cliffs at top speed.

Once back at the lodge unwind around the roaring open fire and talk about the thrills of the day whilst enjoying sumptuous cuisine. Exquisite food and wine is synonymous with Boomrock and we pride ourselves on using only the freshest and highest quality produce available.

We can think of no better way to end your excursion than with an extreme helicopter ride back to Wellington where you will finally be able to catch your breath and steady your knees.

This package entitles each guest to:

- Exclusive use of Boomrock Lodge, Car Testing Circuit and its facilities
- Sumptuous cuisine and nibbles
- Use of the latest model Mercedes-Benz and Mercedes-Benz ML 4WD hosted by professional drivers
